Market
Your Company

Deliver your brand, EVERY time

- **Signatures can include dynamic marketing content such as social media icons, promotional banners, award logos and more.**

- **Give different signatures to different departments with auto-completed user details.**

- **Central management of email signatures ensures consistency and maintains the professionalism of your brand.**

CENTRALLY MANAGED...

On Any
Device

Email signatures are added via the Exclaimer Cloud in Microsoft Azure, so all users get the correct signature on every message. This means that users on Macs and mobile devices will have the right signature too.

How it
Works

Cutting-edge technology built by the world's leading email signature solution provider

- **Design and control email signatures via an easy-to-use web portal.**

- **Mail flow is passed from Office 365 to Exclaimer's Azure servers using Office 365 connectors.**

- **Our regional, load-balanced Azure servers add signatures to all emails sent from any device.**

- **Built with the highest levels of security and control in place, this service has been awarded the ISO 27001:2013 Certification.**

J. Peter Bruzzese
Microsoft Office 365 MVP

Exclaimer makes it work in the cloud, so well-formatted signatures are added to your emails no matter what device you are using.

Loryan Strant
Microsoft Office 365 MVP

The Exclaimer Cloud - Signatures for Office 365 interface is incredibly user-friendly.

Nuno Mota
Microsoft Exchange & Office 365 MVP

Signatures for Office 365 is an excellent product that makes creating and managing email signatures for Office 365 a breeze.
